

Classroom Recording Permission Form for Guest Speakers

I hereby grant NCNM permission to record, use, reproduce, digitize, store, and distribute in appropriate electronic formats, for educational purposes, my lecture(s) as noted below. This grant includes rights for library use and NCNM use for educational purposes, including the promotion of educational programs, and includes authorization to use my name, voice, likeness, biographic information, and supporting material in connection with each recorded or digitized lecture. NCNM will not use the captured content for any other purpose without obtaining permission from the undersigned. This permission is revocable. I understand that NCNM will act in reliance on this permission.

This permission extends to the following lectures:

_____ given at NCNM on _____
(course name, e.g., Grand Rounds) (list dates)

To my knowledge my lecture materials fall within both Fair Use and HIPAA Guidelines. According to Fair Use Guidelines, it is acceptable to show a few copyrighted images from a book, article, or website; play a short portion of a movie for informational purposes; or display quotes from journal articles or books, with citation. Faculty should always cite their sources. According to HIPAA Guidelines, it is acceptable to share information about a patient only if the privacy and identity of that patient is adequately protected. The only exception to these privacy measures concerning case presentation would require a signed release of medical information form.
